Litter picking equipment to help spring clean local communities

Residents in Charnwood are being encouraged to get their free litter picking equipment ahead of the Great British Spring Clean.

Charnwood Borough Council has purchased additional equipment to help people who want to help give their local communities a spring clean or are planning to get involved in next month's Great British Spring Clean.

The campaign is organised by environmental charity Keep Britain Tidy and will be held across the country between Friday May 28 and Sunday June 13, 2021 however, residents are being encouraged to get a head of the game this year and safely start litter picking now if they wish.

The Council has bought an extra 100 hi-vis jackets and litter pickers and will also be providing colour coded bags to help identify rubbish which has been collected by litter picking groups.
